To Whom it May Concern

From Richard Geise, PhD

Re: Continuing education required by MQSA effective until July 23, 2012.

I, Richard Geise attest that the following information is true and correct. I have met the requirements of performing mammographic equipment performance evaluations of at least six mammographic units at two locations within the past two years. These include, but are not limited to those listed below.

Allina Medical Clinic, Champlin, MN

August 13, 2010

Park Nicollet Clinic Chanhassan, MN

August 6, 2010

Jane Brattain Breast Ctr., St. Louis Park, MN

Room D August 6, 2010

Regina Medical Center Hastings, MN

July 30, 2010

Aspen Medical Group, Maplewood, MN

July 24, 2010

Jane Brattain Breast Ctr., St. Louis Park, MN

Room C July 23, 2010
